WADHURST CASTLE WEDDINGS

Wadhurst Castle is a beautiful country house with a warm and welcoming atmosphere for all weddings, civil partnerships and any other celebrations. The gardens are superb and there are stunning views from the terrace and South lawn across the Sussex countryside. For your wedding you will have exclusive use of the Castle with its magnificent rooms and beautiful gardens.

At Wadhurst Castle we are fortunate to have several rooms licensed for civil ceremonies allowing you choose from the intimacy of the Moncrieff Room, the Victorian charm of the Winter Garden, with its ever changing display of exotic plants, or, for larger numbers, the grandeur of the Drawing Room.

In summer it is also possible to have the ceremony conducted in the open air in the newly restored Walled Garden. Following the ceremony your guests can spill out on to the South terrace with its amazing views for drinks during the summer months.

For small numbers the Winter Garden makes an ideal choice enabling up to 30 to be seated at one long table. For the larger occasion the drawing room looks wonderful, the tables draped in long crisp cloths and set with glistening crystal.

Should your guest list exceed 100 a reception can be held in a marquee on the South lawn. There is an excellent selection of marquee suppliers enabling you to set the scene, anything from the traditional filled with English country flowers to ultra-modern or an echo of the Indian Raj.
